

CONGAT.
From the Baltimore Sun, Dec. 21st, 1839.
By the cars from Washington, just arrived, we learn that the debate was continued last night until 7 o'clock, when the first question was taken, and the House, by a vote of 116 to 112, decided that the five members from New Jersey, having the credentials of the Governor of the State, should not be admitted and sworn in as members of the House.

To-day is the last of the third week of the session of Congress, and owing to the disgraceful controversy which began on the first day concerning the representation from New Jersey the House is not organized for the transaction of business. A speaker has indeed been chosen, but that is the only step that has been taken in the usual order of proceedings at the opening of the session. There is no telling when we shall be able to present our readers with the President's Message.

DRESS NOT GENTILITY.
Would the recollection of the following remark, by Steel, do some of us any harm, now & day?
"When a person speaks coarsely, he has dressed himself clean to no purpose. The clothing of our minds is certainly to be regarded before that of our bodies. To betray in man's talk a corrupt imagination, is a much greater offence against the conversation of gentlemen, than any negligence of dress imaginable."

"Woodman, Spare that Tree."—The main shaft of the new flouring mill at Constantia, (Michigan), is of oak of 200 years. "Which was ascertained by the number of grains in the wood."

IOWA CITY.—The capital of Iowa Territory, which has only been laid out about three months, already contains twenty dwellings and two good taverns.

ANOTHER STEAMBOAT LOST.
The Cincinnati Gazette of Tuesday says: "We received intelligence yesterday that the steamer North Star struck the wreck of the Washington, at the mouth of the Louisville canal, and sunk in deep water. She was deeply laden with groceries for Cincinnati, which, together with the boat, will likely prove a total loss."

A letter from N. York says:—
We continue to look for the arrival of packet ships with some interest, for they will now bring us our foreign news. The Mediator, with Mr. Webster on board, ought to be along.

Mr. R. T. Hunter, of Virginia, has been elected Speaker of the House of Representatives. Mr. Hunter is a Whig but sides with the Administration on the Sub Treasury.

THE WESTERN MAIL ROBBERY.
The Louisville Journal of Monday last has the following paragraph in relation to the recent robbery of the Western mail:

MAIL ROBBERY.—Soon after the steamer Ben Franklin arrived at Cincinnati on Friday morning, it was discovered that the Madison mailbag had been stolen. Suspicion was excited against three individuals, who, on the landing of the boat, had immediately gone on shore and subsequently returned. The alarm being given, three individuals to escape, but were arrested. We do not learn that the mailbag has been recovered.

The Cincinnati Post of Monday evening, after stating the fact of the robbery of the mail, says: "Some fragments of letters and newspapers were found on the same morning, in an old skiff, a little above where the boat landed at the wharf. It is presumed the letters were all destroyed."

SCARLET FEVER.—The Philadelphia Gazette says: "It pains us to learn that this disease is very prevalent among the juvenile population of the city. The death records fully attest the fact. The best preventives are: an avoidance of exposure to quick changes of temperature, which are productive of cold; food to keep the neck and feet of children well protected."

IN LUCK FOR ONCE.
Some three or four years ago, a gentleman of Detroit bought a turkey, for which he paid fifty cents, and forthwith sent it, together with a note, to Mr. Brooks, auctioneer of the Episcopal Ladies Fair, which society had met that evening at the Woodworth's Hotel, for the purpose of selling off the little trinkets of their own manufacture, and tendering the fund for some useful purpose. The turkey was immediately put up at auction, and the bidders of the Exchange and Mansion House ran it up to one hundred dollars—at which price it was struck off. At that time our attention was attracted by a little old man, with a round top hat, and rather singular features, who stood there with his mouth wide open, gazing at the auctioneer, with an eager and inquiring look, evidently anxious to find out what such a valuable bird was worth in that market. Our hero had just arrived that evening from Ohio with a drove of hogs, and was trying to find a purchaser for them at a fair price. When Mr. B. struck off the turkey at one hundred dollars, the little old man jumped up and down, so tickled that he could scarce contain himself. Says he, "I've hit it this time Joe. (addressing his companion) let's go and take a horn. If turkey is worth a hundred dollars in market, I wonder what hogs is worth!" Thaller's Advocate.

There were, and I believe still are, two lawyers in partnership in New York, who the peculiar happy names of Catchem and Cheatum. People laughed at seeing these two names in juxtaposition over the door; so the lawyers thought it advisable to separate them by the insertion of their christian names. Mr. Catchem's christian name was Isaac, Mr. Cheatum's Uriah. A new board was ordered, but when sent to the painter it was found to be too short to admit the christian names at full length. The painter therefore, put only the initials before the surnames, which made the matter still worse than before, for there now appeared, "I. Catchem and U. Cheatum."

APPOINTMENTS BY THE PRESIDENT.

The following, from the Baltimore Sun, shows the progress of Bank who gory throughout the country. Who are the users? Who are the sufferers? A innocent, but defrauded community, a course. Can whigs, who have no sciences, longer look an indignant public in the face?

Mrs. Bank Fraud.—Great excitement prevailed in Philadelphia on Monday, in consequence of the discovery of an extensive system of fraud, which has been carried on for some time by the cashier of the Schuylkill Bank, which was the agent for the Bank of Kentucky in the city. It is stated that he has issued upwards of a million of dollars in false certificates of stock, of which no account has been given, and for which the Bank is liable. The rumors of this fraud having reached New York, the stock of Kentucky Bank fell from 70 to 55. The cash or alleges that this issue was to sustain the Schuylkill Bank, but the directors repudiate all participation in the transaction. The Bank has entirely suspended payment, and the directors assert that the assets will cover the responsibilities.—Statesman.

VICTORIA AND PRINCE ALBERT.—We find the following in a private letter from England, written by a gentleman who passed some days with Lord Brougham, at his country seat:—"It is said to be settled that the Queen is to marry Prince Albert of Saxe Coburg, at least so says Lord Brougham, whom I heard relate, in a manner altogether inimitable, a circumstance which took place at Windsor, the other day, at one of the royal dinners. The Queen took from her bosom a beautiful rose, and in a very significant manner presented it to the Prince. His Highness joyfully received it, but as he was cased up in regimentals, for you must know that he is a military man, though not quite so remarkable a one as Napoleon was, he had nowhere to place his 'taken flower.' With that striking presence of mind, however, which is always manifested by royal personages in situations of difficulty, the bridegroom selected a knife from the table which he gallantly plunged into the breast of his coat and placed the rose in the hole thus made, and wore it with the same feelings of triumph that swelled the bosom of a knight of old, when bearing a glove or scarf, the gift of his 'lady love.' Since the Hanoverian line has occupied the British throne, the wives of the kings it has furnished have been drawn from Germany, and now its first queen is to have a German husband. It is a pity, a very great pity, indeed, that out of all the men now living in England, there cannot be found one worthy to share the royal couch.—Messenger.

CERTIFICATES.
Letter from the Hon. Abraham M'Clellan, Sullivan County, East Tennessee, Member of Congress.

WASHINGTON, July 3d, 1838.
Sir—Since I have been in this city, I have used some of your Dyspeptic medicine with infinite benefit and satisfaction, and believe it to be a most valuable remedy. One of my constituents, Dr. A. Garden, of Campbell county, Tennessee, wrote me to send him some, which I did, and he had employed it very successfully in his practice, and says it is invaluable. Mr. Johnson, your agent at this place, thinks you would probably like as agent in Tennessee. If so, I would recommend Dr. A. Garden as a proper person to officiate for the sale of your celebrated medicine. Should you commission him, he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennessee, or by land to Graham & Houston Tazewell, East Tenn. I have no doubt but if you had agents in several counties in East Tennessee, a great deal of your medicine would be sold. I am going to take some of it home with me for my own use, and that of my friends, and should like to hear from you whether you would like an agent at Blountville, Sullivan county East Tenn. I can get some of the merchants to act for you, as I live near there.

ABRAHAM M'CLELLAN, of Tenn.
To Dr. Wm. Evans, 100 Chatham st. N. Y.

ABRAHAM J. CREMER, residing at 66 Mott street, New York, was afflicted with Dyspepsia in its most aggravated form. The symptoms were violent headache, great debility, fever, costiveness, cough, heartburn, pain in the chest and stomach always after eating, impaired appetite, sensation of sinking at the stomach, furred tongue, nausea, with restlessness. These had continued upwards of twelve months, when consulting Dr. Wm. Evans, 100 Chatham street, and submitting to his over successful and agreeably mode of treatment, the patient was completely restored to health in the short space of one month, and grateful for the incalculable benefit derived, gladly came forward and volunteered the above statement.
Dr. Wm. Evans' Medical Office, 100 Chatham street, New York.

THE FOLLOWING CERTIFICATE was handed to us by Mr. Van Schaick, of Albany, a highly respectable member of the community, and whose veracity cannot be doubted:
Mr. Septimius Kendall, of the town of Westerlo, county of Albany, was for about 27 years troubled with a nervous and bilious affection, which for 7 years rendered him unable to attend to his business, and during the last three years of his illness was confined to the house. His symptoms were dizziness, pain in the head and side, palpitation of the heart, want of appetite &c. After expending curing his confinement, nearly three hundred dollars without obtaining any permanent relief, he by accident noticed an advertisement of Dr. Wm. Evans' Camomile and Aperient Pills, and was consequently induced to make a trial of them. After using them about a fortnight, he was able to walk out in four months he could attend to business, and considered his disease entirely removed. The above information was given to the subscriber by Mr. Kendall himself; there can, therefore be no deception.
STEPHEN VAN SCHAICK.

Another very severe of Inflammatory Rheumatism cured by Dr. Wm. Evans' Medicine.—Mr. John A. Carroll, of the county of Westchester, town of North Castle, New York, had been severely afflicted with inflammatory rheumatism for fourteen months with violent pains in his limbs, great heat, excessive thirst, dryness of skin, limbs much swollen, was not able without assistance to turn in bed for six weeks. Had tried various remedies to no effect. Was advised by a friend of his to procure some of Dr. Wm. Evans' medicine of 100 Chatham street, New York, which he immediately sent for and after taking the first dose found great relief, and in continuing its use according to the directions for ten days, was perfectly cured. Allow me to refer any person to him for the truth of the above statement.
